

# 2007 13 MONTH CALENDAR

## “MEN”

(and we use that term loosely)

## OF THE SOUTH “POLE”

1 Overly Large Shovel (delusions of grandeur)– \$45.00  
1 Large Tractor (compensating for something)- \$80,000  
Standing naked at the South Pole at -80°F – Priceless  
(or Insane)

## MR. JANUARY: JOHN

John is Mr. January because he always likes to be first (plus no one else wanted it). John likes to refer to himself as a “Heavy Equipment Operator” but everyone knows he is just compensating for “something”. John is also a bit on the pushy side, depending on which way the wind is blowing, and is always pushing snow from one side of the station to the other. We all know and love John (and for \$25.00 you can too) and enjoy working with him and one day hope to actually see him work. John is one of those rare individuals that only comes along once every couple of days so we here at the South Pole feel privileged to have known him and we miss him already (oh wait, he’s not gone yet). John’s hobbies are making snow angels and writing his name in the snow with his “Big Equipment”, and he hopes to return one day so he can relive his favorite episode of “Green Acres” .

Not much sensuality, hardly ever fun to be with, but lots of class. Of course, most of it is facade, and deep down inside they are really conservative, tight-assed cowards...with class. These are the true snots of the world. But they make good supportive wives, especially the men. Most horoscopes claim that Capricorns can be the most passionate lovers in the Zodiac when they lose their inhibitions, but since they rarely touch drugs, this almost never happens. Famous Capricorns are Louis Pasteur, Ben Franklin, Beethoven and Lassie.		

January is National Careers in Cosmetology Month, National Eye Health Care Month, National Fiber Focus Month, National Hobby Month, National Soup Month, Hot Tea Month, Oatmeal Month and Prune Breakfast Month

## MR. FEBRUARY:

### Dan

Dan wanted to be Mr. February for numerous reasons (none of which can be mentioned here) and went “all out” for the “part”. Dan is a sheet metal worker, commonly known as a “Tin Knocker”, and enjoys swinging his hammer around (not that hammer) and banging things (ok, maybe it is that hammer). He used to take great pride in his work before he found his true calling as an over-eager cupid (ever heard the song “Love Hurts”?). Dan is shy, quiet and very “introverted” (especially at these cold temperatures) and enjoys the stock market. He is currently trading in male enhancement commodities, (buy short, sell long), and hopes to really stretch his “dollars” this way. Dan’s hobbies include hammering, bending sheet metal over his lap and hammering that, and pretty much trying to hammer anything that moves. He hopes to return to the pole one day and hammer that too.

## **MR. MARCH: John**

John wanted to be Mr. March because he said it comes in like a lion or lamb or something (something about animals, I didn't ask too many questions about it) plus it means spring is in the air. John is one of our carpenters and loves the smell of wood in the morning, especially naughty pine. He claims to have one of the fastest tools here at the South Pole (yeah, the Skill Saw too) and even claims to know how to use it (we've heard that before). John is very safety conscious; he always wears protection, he grounds his "equipment" before he uses it, and he always has a hard hat on his head when he's nailing or screwing (which can be awkward sometimes). John's hobbies include nailing wood, screwing wood and smoking after a good woodworking. John hopes to come back to the pole one day so he can cut down the Ceremonial Pole and erect a REAL ceremonial Pole, for "Pole" dancing and sacrifices and such.

Pisces

# MARCH 2007

Aries  
(March 21-April 20)

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
<p><b>Pisces:</b> The constellation under which they are born is sometimes called the "armpit of the zodiac", and it seems to rub off. There isn't enough Old Spice in the universe to solve this problem. They often marry each other, and of course they deserve each other, and it keeps the world fun for the rest of us. Pisces have a businesslike attitude to life and a knack for making money. They're unscrupulous bastards who would sell relative's limbs to buy a mobile phone. Some famous people born under this sign include Henrik Ibsen, Andrew Jackson and Mr. Ed</p>				1  National Pig Day	2  Old Stuff Day	3  National Anthem Day

## MR. APRIL: Denis

Denis (pronounced Due-Knee) is the science “Head” here at the pole (we’re not sure what that means but he seems **really** happy with it) and is always trying to improve the “Quality” of science experiments in the “Dark Sector” (yeah, it’s really called that). Denis is always willing to try something new in the “Dark Sector” (don’t go there) and can often be found “poking” around in the dark. As you can see in the picture, Denis likes things that are long and cold, like a South Pole winter (what did you think I meant?) and keeps all of the Science Techs well in hand. His hobbies include Nude Skydiving (It’s a bird, It’s a Plane, It’s a....Oh My God), Nude Parasailing (That’s NOT how you steer the thing) and Nude Bungee Jumping (he likes the sudden jerk at the end) and hopes to come back to the Pole one day so he can shed some light on the “Dark Sector”.

Aries are honest and direct, and quick to find a motel room when the boss's wife is horny. Famous people in the Aries birthright include: Bette Davis, Joan Crawford and Arnold the Pig.</p>			

**April is International Guitar Month, Keep America Beautiful Month, National Anxiety Month, National Humor Month, National Welding Month, National Garden Month, and Uh-Huh Month .**

## **MR. MAY: Scott**

Scotty is a “Heavy Equipment Mechanic” and loves to work on really big equipment and claims to have the biggest tool on station (just look at that wrench). He spends a LOT of time in the garage wrenching and yanking and he even works on his equipment occasionally. Scotty is another one of those rare, outgoing individuals that everyone thinks is just too damn happy to be at the Pole (why IS he always smiling? Does he know something we don't, does he have something in his pocket, is he on something?). Scotty is a Kiwi from New Zealand and enjoys Sheep wrangling (not that you pervert), Sheep shearing (OK, probably not that) and dressing them up for holidays (for dinner, what did you think I meant). He hopes to come back to the Pole one day so he can finish making his movies “The Shaw Sheep Redemption” and “Bleating Hearts”.

May is Better Sleep Month, National Good Car Care Month, National Photo Month, National Salad Month, National Egg Month, National Barbecue Month, Revise Your Work Schedule Month, Date Your Mate Month, National Hamburger Month, and Fungal Infection Awareness Month

## MR. JUNE: Lane

Lane is our resident Greenhouse Guru and loves to spend all of his waking hours in the greenhouse (and some of his sleeping hours too, what's up with that?). Lane loves to talk about his "Job" and is always happy to elaborate on his cucumbers and zucchini as well as his "vegetables". He longs to be one with nature but Nature keeps saying "No way, try again later". His exuberance and zest for life keeps us all wondering "What the Hell is **really** going on in there?". If you get the chance to talk to only one person on station this season, he's one of them. Lanes hobbies include making fun of vegetarians, carving vegetables into obscene shapes during parties and working on his scratch and sniff adult web site. He hopes to come back to the pole one day and "grow some really good sh\*t" (whatever that means?).

## MR. JULY: Neal

Neal is our resident Aurora Tech (whatever the hell that means) and, as you can see from his picture, suffers from an overactive imagination (are those ear muffs?) and small delusions of grandeur. Neal watches the skies for us with his small equipment and if he doesn't see anything of any importance, like black holes or dark matter or space invaders (he hangs out in the greenhouse a lot too), he sometimes lets us know when there is a big Aurora event. Neal can often be found on the roof going "OOOHHH" and "AAAHHHH" and he can even be seen looking up at the sky from time to time. Neal's hobbies include acting like the "Jolly Green Giant" looking for his "little green sprout" and standing behind objects to make people think he is packing more than he really is. He hopes to come back to the Pole one day and stand behind something even bigger.

Ask a Cancer woman what foreplay is, and she'll say "something they shout on a golf course before they throw out the first ball." The phrase "wham, bam, thank you, ma'am" was invented to describe a Cancer's honeymoon. Cancer's are absolute perverts, at the least transvestites. Cancers are adventurous, thrill seekers, willing to try anything. In other words, stupid. Their ideal sexual partner is a Labrador puppy wearing fishnet tights. Famous Cancers are Ernest Hemingway, John Quincy Adams and Flipper			

July is National Baked Beans Month, National Ice Cream Month, National Tennis Month, Read an Almanac Month, Anti-Boredom Month, and Hitchhiking Month.

## **MR. AUGUST: BOB**

Bob wanted to be Mr. August because he is extremely shy, except at the South Pole, and wanted everyone to see his “outgoing personality”. He likes long walks in the snow and occasionally getting lost (both figuratively and literally) and he likes women who like him back and one day he hopes to find one that likes him and doesn’t charge \$50.00. Bob is well liked by everyone on station and everyone knows he is outstanding in his field and we all wish he was: outstanding in a field. Bob’s hobbies are playing with his tools and contacting aliens and “pretty” women on the internet. Bob hopes to one day disprove Einstein's “Theory Of Relativity” or maybe find some shiny piece of metal or some string to play with. Bob hopes to come back to the South Pole someday so he can relive his glory day (singular).

On the brighter side, a Leo is a wonderful confidant, someone you can tell anything to but they do tend to let conceit and vanity get in the way. They make great sales-people -- they can sell fishnet stockings to a quadriplegic. ## MR. SEPTEMBER:

### George

George is one of our resident cooks and we usually greet him daily by saying “What the F\*\*k are you doing now?”. Aside from that though, he considers himself to be a “Master Baker” and takes great pride in making unusually obscene cakes and pastries for parties and Bah Mitzvahs. George really knows his way around the kitchen too, he is always the first to find the entrance, and then the exit, and then can’t be found for hours. He enjoys baking bread the most though; rolling his dough around and pinching off a loaf or two. He spends most of his thyme hiding from the kitchen groupies (he insists they are after him), as well as hiding from the aliens that are trying to abduct him (we keep hoping). His hobbies include video games, watching Web Cam’s (yeah, those) and showing off his incredible body (his words, not mine). He hopes to come back to the Pole one day as a Sushi Chef because he likes the smell of fish in the morning.

<p><b>Virgo:</b> A true horror in the sexual zodiac, Virgos are the only people who can become prostitutes and still claim to be virgins. Virgos are the kind of people who insist on using the unopened tube of K-Y. If the condom isn't vacuum-sealed, they won't go near it. And complete showers, if not disinfected baths, are required both before and after. While they are pretty damned dull to others, Virgo's have a goodtime, because they live in a dream world. ## **MR. OCTOBER: Jeff**

Jeff wanted to be Mr. October for a number of reasons; it's his favorite Playmate's month, it's the only month he can pronounce when he's drunk (that's in doubt though), it has seven letters, and many other reasons that are of lesser importance. His main reason for wanting to be Mr. October though is Baseball, (World Series or something) and he wants to be a massive sports star when he grows up when he really should just open a passive sports bar instead. Jeff is one of our resident weather guys and loves his job way too much, especially balloon launch day. He loves to tie things to the balloons (not that) and let them go, plus he says he loves the feel of latex in the morning (OK, maybe it is that). His hobbies include standing around naked at 50 below zero (not one of our favorites), nude female midget mud wrestling and standing around naked at 50 below zero. He hopes to come back to the pole one day so he can stand around naked at 60 below.

## **MR. NOVEMBER: Dennis**

Dennis runs the power plant at the South Pole and continuously tells himself that he has the heaviest equipment at the Pole (and will be happy to prove it if you just ask). He spends most of his time in the power plant cut off from civilization as we know it and surfaces occasionally when you least expect him (ever see “Phantom Of The Opera”, yeah it’s like that) . When working, he loves to get all greased up and lay his hands on his “generator” to see if it needs to be “tuned up”. Without him, we would all be in the dark (which may not be a bad thing) and having to do everything by hand (which again, may not be a bad thing). His hobbies include reading porn, watching porn and surfing the internet for “Beanie Babies” on e-bay. He hopes to come back to the Pole one day so he will have more time to finish his Ph. ## **MR. DECEMBER: Patrick**

Patrick (The Bronze God) is our South Pole Information Technology (S.P.I.T) guru, which basically means he was lucky caller number 7 on WPIG radio so he got the job (he thought he was calling 1-900-SPANKME) and he takes great pride in his job, just look at that multi function keyboard (not that one, that one is only a single function). He's the perfect "man" for the job (just ask him) because he claims to have an extra large floppy drive of 5 ¼ inches (more like 3 1/2), more RAM than a herd of sheep (don't go there) and a "Hard" drive so big it won't fit into his "Palm Pilot". His hobbies include sticking his "Cable" into any "Port" available, waxing poetic while surfing internet porn and the Sutra Kama (it was upside down and he started at the wrong end). He hopes to return to the Pole one day and "Download" until he goes blind.

## MR. JANUARY 2008:

### Greg

Greg's job is ..... Anyone know what the hell Greg does here? We think he has something to do with communications but he never talks to us about it. Anyway, Greg is one of our hardest working Individuals on station (just ask him) and when he's not working he's doing something else. We've never actually seen him work, but rumor has It that he even has an office. Greg is one of those people who will do anything at anytime for anyone (at least, if the price is right he will), unless he has something else to do. Greg takes his job seriously (because no else will) and puts in many extra hours, late at night, when he's alone, and no one can see him. His hobbies Include making funny noises with his armpit (we hope that's what it was), and making prank phone calls to the underprivileged. He hopes to come back someday so he can hone his skills at "Pole Dancing" (My eyes, my eyes: Oh the humanity: Got a dollar?)

## A DoJe Production

All/Some/No rights reserved, Patent applied for but rejected (go figure), mis-management reserves the right to disavow any and all knowledge of this or any other production put out by these two imbeciles. Offer not valid in any state or territory within the entire world, free coupons on Thursday with proof of purchase, alcohol content less than 85%, the girl in the "Crying Game" is a man, offer subject to tax, title, licensing, undercoating and other hidden charges as we see fit, if you find this product offensive in any way, shape or form that's just too darn bad, grow up, get a life, grow a pair and get over it, this is just a joke and should not be taken seriously or taken with drugs or alcohol. See you next year, Don and Jeff.
